# We're Gathering Information.

Are you part of a small water system or domestic well owner?

Are you worried about your long-term water security?

Do you want to help future generations have a reliable water supply?

The County of El Dorado and El Dorado Water Agency need **your help** to better prepare for droughts and water shortages. Please take the applicable 5-minute survey below to be a part of the solution. Any published results and findings will remain unattributed.
